Priority Score: 5

Official Finding

The department "DWASA (Dhaka Water Supply & Sewerage Authority)" failed to provide any substantive update (status change or photographic evidence) within the mandated 48-hour escalation window. This represents a critical service delivery failure and will be recorded in the department's performance audit.

Citizen Assurance

We are truly sorry for this delay. Your complaint has been flagged for immediate intervention by city administration. This report will be used to improve departmental accountability and prevent future delays.
